

GK 150 Twin Seat

MELROSE OFFROADERS

This Offroader has a fully automatic, electric start, four stroke motor that impresses with its power output. The GK150 also offers an incredible 150mm of adjustable suspension for keeping all 4 wheels in the dirt.

Safety was a priority when designing the GK150. It is equipped standard with hydraulic disk brakes front and rear to ensure the GK150 stops on a dime.

A Roll cage surrounds the adjustable seating and the adjustable position steering wheel, while a 4 point harness and arm restraints help to provide you with a safe and secure ride.
